

MT202 Homework 1
Due Monday, September 12

Homework will be collected at the beginning of the class on which it is due. Please use standard-sized paper, avoid paper torn from a spiral notebook with scraggly ends, and staple the entire assignment together in order. These rules are for the benefit of the grader, who will be handling many papers covering problems from several sections of the text. Points will be deducted for transgressions.

As you will notice, the problems are all even-numbered; the odd-numbered problems have answers in the back of the text. I encourage you to work some odd-numbered problems of your choice to check that you understand. You should also take 9 (do not turn in) the “Quick Quiz” at the end of the section.

Some of the questions will be graded; I’ll post solutions to all the assigned questions on the class website.

9.1: 42-54 evens

9.2: 8, 14, 22, 30, 36, 62

9.3: 4, 10, 16, 32, 38, 54
